BOOKS

Some suggestions
for reading during
Lent

Hearing God in Poetry by Richard Harries is an ideal Lent book for 2022 for poetry lovers and anyone interested in how some of the world's finest poets have expressed faith in their work. This book of daily readings will introduce you to some wonderful poetry for Lent and Easter.

Hope and the nearness of God. Hope is one of the theological virtues and it is far more profound than mere optimism. Today, pessimism and despair seem all too prevalent. What can we do about the poor and starving, about those who seem to be locked in interminable conflict and families weighed down by the consequences of breakdown? **Sister Teresa White's** book is an antidote to all this and it is written with beautiful simplicity and directness.

Women of Holy Week. In the style of her bestselling Phoebe, **Paula Gooder** uses her extensive biblical expertise to retell the events of the Crucifixion, Resurrection and Ascension through the eyes of nine female characters she imagines accompanying Jesus during these momentous days.

Full of practical encouragement, **Embracing Justice** by **Isabelle Hamley** brilliantly weaves together biblical texts, diverse voices, contemporary stories, and personal and group meditations to reveal liberating and imaginative ways in which we may grow in discipleship – and more fully reflect the justice, mercy and compassion of Christ in our lives. **The Archbishop of Canterbury's Lent Book.**
